Discover the Nîmes area

A THE ABBEY CHURCH OF SAINT-GILLES

Set off to discover the Abbey Church of Saint-Gilles, listed as a UNESCO World Heritage Site! A major Christian pilgrimage site in the Middle Ages, the Abbey Church has preserved its admirably sculpted 12th-century façade, the upper church and its reliquaries, as well as the monumental crypt housing the tomb of Saint Giles. At the end of the guided tour, your steps will lead you into the former choir, which will reveal its famous spiral staircase.

B GARRIGUE, LANES AND CAPITELLES OF CAVEIRAC

In the Vaunage valley, Caveirac stands out with its prestigious château, the Languedoc “little Versailles”. A typical garrigue village, encircled by water and capitelles, it reveals a rich historical heritage from Antiquity through the Renaissance. Wander its picturesque lanes, squares and washhouses to dive into its history.

C MANDUEL, ON THE VIA DOMITIA

A choice stopover village on the Roman road, Manduel has been fertile wine-growing land since Prehistory! Its heritage has come through all the great periods, as shown by the Roman milestone, the medieval château and the church of Saint-Genest. Go back in time and discover the variety of its monuments.

D AT THE CROSSROADS, GÉNÉRAC

In the heart of the rolling Costières plain, discover the village of Générac, with its firmly established winegrowing character and merchant past, animated by its privileged position at the crossroads. Its built heritage, its château, its cooperage museum and its fine winegrowers' houses will share some of the secrets of its history.

E SERNHAC, THE AQUEDUCT TRAILS

In the Gardon gorges, the village of Sernhac is crossed by the Roman aqueduct linking Uzès to Nîmes. A few kilometres from the Pont du Gard, you discover the Vallon des Escaunes, in the Sernhac garrigue, where the Romans operated a quarry. Rather than build a vulnerable aqueduct in the middle of such a quarry, they preferred to dig two tunnels in the cliffs on either side of it, the last visible remains of which you will discover. The visit will end with a tasting at the Domaine de Poulvarel.
